【满分作文】

Dear Xiaohua,

Glad to receive your letter. You asked me how to use a dictionary to learn English. Here are some of my thoughts.

Words in a dictionary are called entries. Each entry has five sections, such as pronunciation, part of speech, definition, usage and word group. Of course, sometimes the same word has different parts of speech and definitions.

Using dictionaries can solve problems in vocabulary learning. When we meet a new word, with the help of a dictionary, we can not only find out its pronunciation, but also know its meaning. A dictionary is of great benefit to English learning. First of all, it can help us understand the meaning of words accurately. Secondly, it can enrich our knowledge and exercise our thinking. Finally, it can help us learn to express our ideas.

I hope it's helpful to you.

Yours

reading on mobile phones, others reading paper books

【满分作文】

Recently, a survey was done among 20,000 people about the ways of reading. Here is what we have learned from it. 60% of the people like to read on mobile phones or e-readers, while only 38.4%

choose to read paper books. So we can know that more and more people prefer to read e-books rather than paper books. However, whatever way of reading we choose, it can help increase our knowledge and open our eyes.

As for me, I am still used to reading paper books. Whenever I open a paper book, the smell of paper reminds me of the stories in the books from my mom when I was a little kid. Just because of this, I got into the habit of reading. So when I read paper books now, they always bring me the old feelings. On the other hand, compared with the electronic devices, reading paper books is good for eyes. So you see, I believe e-books won't take the place of paper books in my heart.
